S.O.B

PRO PARK SERIES

The S.O.B may be the most versatile board on the market. Initially designed to appeal to the needs of the hard-charging cable crowd, the S.O.B. has it all; Impact Base, Durarail sidewalls, Fusion Core, minimal channeling and a concave hull. Its refined flex pattern feels snappy under your feet allowing for huge ollies, explosive pop off kickers, effortless pressing and smooth landings. What's even more impressive is that this "park board" excels behind the boat as well. Sean swears that it's the best board he has ever ridden behind the boat and based on how he's riding and how much fun he's been having on the water this just might be your go to "boat board" as well.
